

Loan Application Procedure

To apply for a loan, simply stop by the Credit Union offices to pick up an application, or [click here](#) to download an application.

Once you have completed the loan application, simply drop it off at our office, inter-office it, email it or fax it to us at 244-3741.

Once your application has been reviewed by our staff, we will notify as soon as the loan has been approved. We will try and let you know the same day!
